

Autumn 1			
Week Commencing	Topic	Extended learning	Assessment
6th September	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
12th September	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
19th September	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
26th September	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
3rd October	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
10th October	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
17th October	Controlled Assessment	Self-reflection sheets and personalised revision	Assessment of controlled assessment quality using mark scheme.
Autumn 2			
Week Commencing	Topic	Extended learning	Assessment
1st November	Globalisation: The rising industrial growth in some parts of the world. The deindustrialisation in parts of the world and reasons for this.	Create a fact file about how Nokia has developed as a global company.	Practise exam question. Peer assessment. LOTS to HOTS.
7th November	Globalisation: The effects of government legislation on industrialisation – China case study.	Research the UK's regulations surrounding industrialisation. How has this affected Stoke?	Practise exam question. Peer assessment. LOTS to HOTS.
14th November	Globalisation: The impact of world population growth on the global demand for energy.	PEQ: Explain how increasing levels of wealth and technological advances have resulted in an increasing demand for energy (6)	Practise exam question. Peer assessment. LOTS to HOTS. Class quiz.
21st November	Globalisation: Ways of achieving sustainable development through the use of renewable energy.	Create a fact file of Stoke's plans for using geothermal energy in the future.	Practise exam question. Peer assessment. LOTS to HOTS.
28th November	Globalisation: The global search to satisfy the increasing demand for food – enquiry.	Find out about the food that grows in your region. How could you persuade people to buy more locally produced food?	Practise exam question. Peer assessment. LOTS to HOTS. Enquiry self-review.
5th December	Globalisation: The global search to satisfy the increasing demand for food – global elements.	Use the self-review sheet to rate your confidence on this topic and begin to carry out revision about anything in the 'DR' category – this will be used next lesson.	Practise exam question. Peer assessment. LOTS to HOTS. Categorising task.
12th December	Review of the Globalisation unit.	Produce a revision pack for the unit of work.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.

Spring 1			
Week Commencing	Topic	Extended learning	Assessment
3rd January	Restless Earth: Structure of the Earth and plate margins	Compare and contrast the two types of crust. (4)	Practise exam question. Peer assessment. LOTS to HOTS.
9th January	Restless Earth: Fold mountains and ocean trench formation. Distribution of tectonic landforms.	Describe and explain the distribution of tectonic landforms. (4)	Practise exam question. Peer assessment. LOTS to HOTS.
16th January	Restless Earth: Uses of fold mountains case study.	Nepal could provide more electricity in rural areas by developing micro-hydro projects. Find out what these are and how they could help people in Nepal.	Practise exam question. Peer assessment. LOTS to HOTS. Categorising task. Image analysis.
23rd January	Restless Earth: Introduction to volcanoes – compare and contrast the two main types.	Create a revision table comparing composite and shield volcanoes. Think about: location, structure, cause, type of eruption etc.	Practise exam question. Peer assessment. LOTS to HOTS questions.
30th January	Restless Earth: Mount St Helens case study (causes and impacts)	Describe the immediate responses to a volcanic eruption. (8)	Practise exam question. Peer assessment. LOTS to HOTS. Categorising activity.
6th February	Restless Earth: LIC eruption case study (causes and impacts)	Explain why responses to volcanic eruptions differ in different parts of the world. (6)	Practise exam question. Peer assessment. LOTS to HOTS. Categorising table. Image analysis.
13th February	Restless Earth: Monitoring and Predicting volcanic eruptions. Review of the unit so far.	Which monitoring method do you think is the most effective? Why? Which is least effective? Why? (Use evidence to back-up your point.)	Practise exam question. Peer assessment. LOTS to HOTS questions.
Spring 2			
Week Commencing	Topic	Extended learning	Assessment
27th February	Restless Earth: Super volcano characteristics and Yellowstone case study.	Why are tourists attracted to Yellowstone National Park? (8)	Practise exam question. Peer assessment. LOTS to HOTS. Image analysis.
6th March	Restless Earth: Causes and location of earthquakes. How are they measured?	Compare and contrast the different ways of measuring earthquakes. (4)	Practise exam question. Peer assessment. LOTS to HOTS. Categorising table. Video and image analysis.
13th March	Restless Earth: Case study of LIC earthquake and case study of HIC earthquake.	Describe the effects of an earthquake in rich part of the world. (8)	Practise exam question. Peer assessment. LOTS to HOTS.
20th March	Restless Earth: comparing and contrasting two earthquakes and responses to them.	Use the self-review sheet to rate your confidence on this topic and begin to carry out revision about anything in the 'DR' category – this will be used next lesson.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
27th March	Restless Earth: Review of the unit.	Produce a revision pack for the unit of work.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
3rd April	GCSE map skills and figure revision.	Practise exam questions related to map skills and figure use.	Practise exam questions.
	GCSE structuring case studies revision.	Practise of extended writing – PEEEL paragraphs and chain production.	Case study practise exam questions.

Summer 1			
Week Commencing	Topic	Extended learning	Assessment
24th April	Coastal Zone: Review of the unit.	Produce a revision pack for the unit of work.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
1st May	Coastal Zone: Review of the unit.	Practise exam questions for the unit of work.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
8th May	Living World: Review of the unit.	Produce a revision pack for the unit of work and practise exam questions.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
15th May	Restless Earth: Review of the unit.	Practise exam questions for the unit of work.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
22nd May	GCSE Physical Geography Exam (Paper 1)	Produce a revision pack for the units of work in paper 2.	
Summer 2			
Week commencing	Topic	Extended learning	Assessment
5th June	Review of Human Geography topics.	Produce a revision pack for the units of work in paper 2.	Self-reflection sheet, practise exam questions and LOTS to HOTS questions.
12th June	GCSE Human Geography Exam (Paper 2)		
19th June			
26th June			
3rd July			
10th July			
17th July
